MEMORANDUM FOR: Deputy Director (Support)

THRU: Deputy Director (Intelligence)
Deputy Director (Plans)
General Counsel

DD/S

SUBJECT: Proposed Regulation [REDACTED] Acceptance of Gifts
by Employees

1. The above regulation is submitted for authentication before publication.

2. The text transmitted differs from that submitted for coordination only in the substitution of the word "cover" for the word "security" in the first line of paragraph 1d, done at the suggestion of [REDACTED] representing the Director of Security; and a minor change in the introductory words of paragraph 1e at the request of [REDACTED] of the Office of General Counsel. 25X1A9a

25X1A9a 3. [REDACTED] likewise suggested that a sentence, appearing as
25X1A paragraph 2d in [REDACTED] Foreign Awards and Decorations, as follows:

"Disposition of gifts of insignificant intrinsic value, including token amounts of consumables and perishables, is not governed by this regulation, and such gifts may be utilized for Agency purposes or for the benefits of Agency personnel as may be appropriate in each instance."

be included as paragraph 1f of this proposed regulation. This suggestion was not adopted, inasmuch as the proposal under consideration appears to deal with corrupt practices. If such is the case, any gift, whether material or consumable, should fall within the limits of the regulation, and the size of the gift is not relevant.

4. Otherwise, concurrences without comment were received from:

Deputy Director (Intelligence)	Director of Training
Deputy Director (Plans)	Director of Logistics
Office of General Counsel	Director of Personnel
Inspector General	Chief, Medical Staff
Comptroller	Chief, Audit Staff
Director of Communications	Cable Secretary

5. Authentication is recommended.
